

How does fundraising work?

You'll sell our 10 oz candle for \$13 and keep \$5 as your profit. We'll package the orders per seller so there is no sorting when the order arrives and the shipping is FREE!! Here's how the process breaks down...

1. After signing up, we'll send you as many catalogs as you need as well as a set of samples.
2. The sellers will write the orders on the order form on the back of the catalog.
3. They'll transfer the totals at the end of the sale to the 2 part mastersheet inside the catalog and turn the completed mastersheet into the group leader. (The seller will keep the order form so they can distribute the orders once the candles arrive).
4. The group leader will fax, scan or mail the mastersheets to us. We'll email you an invoice and sales report within a few days.
5. Mail a check from the organization to Chestnut Hill for the amount shown on the invoice. (We'll only invoice you for \$8 x the number of candles sold. You'll keep your profit up front.)
6. We'll delivery your candles within 21 business days. The order will arrive packaged per seller with labels on the boxes with the sellers' name, how many boxes they have and what's in each box. A copy of the mastersheet will be in the box for easy checking.

That's it! When you're ready to sign up, just click the big red "Sign up Here" on the fundraising page of the website. Fill out the online fundraiser sign up form and click "Send to Chestnut Hill" at the bottom. We will send out the catalogs and samples as soon as we receive it.

Our goal is to make you the most money with as little stress as possible. We spent many years on our PTA and know first hand the stress that comes with fundraising. Our products are the highest quality and sell themselves. Give our fundraising program a try and you'll be hooked. References are available by request.
